

Statement of Commitment to Reconciliation

At CPB Contractors, we firmly believe that reconciliation is a vital journey towards building strong, respectful, and inclusive relationships between Aboriginal and Torres Strait Islander peoples and all Australians.

As part of this commitment, CPB Contractors acknowledges the deep connection that First Nations peoples have to Country, their enduring cultures, and the significant contributions they have made and continue to make to our nation.

We remain dedicated to advancing reconciliation through meaningful action, working in partnership with Reconciliation Australia to promote equity, respect, and opportunities for Aboriginal and Torres Strait Islander peoples.

Remaining true to our values of collaboration, accountability, integrity, and innovation, CPB Contractors is committed to taking practical, impactful steps to advance reconciliation. The validity of our current Stretch Reconciliation Action Plan (RAP) has been extended, reaffirming our ongoing commitment to the RAP program and the principles of reconciliation.

Our current RAP ensures we continue to honour our commitments to meaningful engagement, cultural respect, and sustainable impact. We remain an active RAP partner, working alongside Reconciliation Australia and our stakeholders to deliver real and lasting change.

We look forward to launching our Second Stretch RAP in early 2027 and will seize this opportunity to further strengthen our relationships, uphold cultural integrity, and foster positive change in alignment with our reconciliation goals.

Reconciliation is an integral part of who we are and what we do, and CPB Contractors is proud to continue this journey with the support of our partners, communities, and stakeholders.
